**TASKFORCE ON THE CHURCHES AND CORPORATE RESPONSIBILITY FONDS. –1973-2001. –  
12.22 m of textual records. –22 photographs. –47 audiocassettes.**

The Taskforce on the Churches and Corporate Responsibility (TCCR) was established in 1975 as an ecumenical coalition of Canadian churches and religious organizations. It was the outcome of a 2-year planning project and Joint Working Group of Canadian Churches, initiated in 1973 and was created as a result of increasing concern within the Christian Churches with an aim to express the social teachings of Christianity in relevant way to the modern world. The main focus of the task group was on corporate responsibility with a goal of encouraging Churches and other organizations to invest ethically and thereby divest from corporations having a negative effect on the environment, human rights, social justice etc. One of the first projects of TCCR was to divest shares from companies with investments in South Africa, in protest against apartheid. In 2001, KAIROS, a Canadian Ecumenical Justice Initiative brought together the work of nine Canadian ecumenical coalitions including TCCR. Its mandate included work on corporate social responsibility (CSR), but it was eventually unable to continue to give priority to coordinating church shareholder advocacy as one of the means for promotion of CSR.

Fonds consists of three series: 1) Administrative Records, 1975-2001; 2) Subject Files, 1973-2001; 3) Publications, 1975-2001.
